

ABOVE BLAST WAS FROM 2013, WELCOME TO 2014 UPDATE

Passover has always been celebrated in commemoration of the freedom of God's people from the enemy. Probably the most momentous is this year's feast! Last year we came before God, to His holy convocation thanking Him for truth concerning the fall of man, for the understanding, Eve chose the knowledge of Satan over the knowledge of God. We were given the opportunity to ask the Lord's forgiveness for both ourselves and all humanity for walking in that knowledge and through it building the world around us. We began to cry out for the Father to restore His knowledge, fill us with His wisdom, and a greater discernment of scripture was granted and opened to man. We began to clearly see Genesis six. It became apparent that through the crossing of man with angels a completely altered species came about and we today are their descendants! Because of the evil knowledge Eve chose for man, lust of the eye, lust of the flesh and pride of life is an inborn part of our character. Our attraction to like kind has kept the bloodlines of the lustful angels strong making the world we live in a treacherous situation. Full of evil, it is based on lust and perversion with perversion of truth at the top of the list. This year's Passover feast welcomes us to a new freedom however! Father's plans for the restoration of His children has been opened to us and we can

walk from His table a new species, a different kind! If interested in seeing us restored and our earth changed, please go back and read the series Enforcing Christ's Victory to Earth. Part Five of this series will be released after the feast, hopefully preparing many to come to the Lord's table, the rest of His feasts, as truly His children, His kin, and in His image.

Happy Passover family!
